SMB Quick User Guide

Thank you for choosing SCRIPTCAST Pro SMB.  
Please, read this quick user guide to find out how to set up and use your SCRIPTCAST Pro SMB with EzCast Pro App.

## Hardware Installation

- 1 **To power the SMB**  
Plug the device to the USB power cable and connect to an external power adapter (recommended) or to the TV's USB port
- 2 **To connect the SMB to the TV**  
Plug the SMB directly into the HDMI port of the TV/Projector or use the HDMI extension to connect the SMB to the TV/Projector
- 3 **Connect to SCRIPTCAST Pro SMB**  
Turn the TV on the HDMI source and you should see the SCRIPTCAST Pro screen

## Setup Instructions

- 1 **Connect to the SCRIPTCAST Wi-Fi**  
Go to your Wi-Fi settings and connect to the SSID shown on the top of the purple screen. Use the password provided on the screen.

- 2 **Download the EzCast Pro App**  
Download the EzCast Pro App from your device's app store or go to [www.scriptcast.co.uk/download](http://www.scriptcast.co.uk/download)
- 3 **Connect your device to the SMB**  
Open the EzCast Pro App, connect to the SMB device by pressing the search icon  (mobile) or the 'Search Device' button (desktop).
- 4 **Connect the SMB to your Internet**  
You can either plug hard-wired Internet into the LAN port of the SMB or connect via Wi-Fi.

For Wi-Fi connection, go to the host menu  press the 'Settings' option and select the Wi-Fi option. Choose your local Wi-Fi and connect to start sharing!

## EzCast Pro Conference Features

### Screen Mirroring

You can mirror your device using the EzCast Pro app. To do that, you need to be connected to the SCRIPTCAST Pro Soho SMB I

#### For mobile devices or tablets

The Screen Mirroring button  is located on the top right corner of the application.

Ensure you are connected to a SCRIPTCAST Pro device before using this feature. Press the Screen Mirroring button and confirm your choice in the pop-up to start mirroring.

#### For laptops or PCs

The Screen Mirroring button  is located on the top left corner of the application - it is the first option on the top menu.

Ensure you are connected to a SCRIPTCAST Pro device before using this feature. Press the Screen Mirroring button to start mirroring.

### AirView

This feature allows for the delegates to see the main screen on their own devices. The AirView refreshes every 5 seconds.

- 1) Press the AirView option
- 2) Press the arrow button to start the live view, that will make the screen refresh every 5 seconds

### Camera

This feature allows the host to use their camera to show live feed on the main screen

- 1) Press the 'Camera' option
- 2) Whatever is shown on your camera will appear on the main screen

### Split Screen

Split Screen allows you to separate the screen to up to 4 parts and allow for 4 participants to present simultaneously.

#### For mobile devices or tablets

The Split Screen feature is located in the Host menu. Press the host menu button  on the top left corner of the app to access it.

- 1) Press 'Split Screen' in the host menu
- 2) Press on one of the options - split the screen in 2 or 4 screens

#### For laptops or PCs

The Split Screen feature is located on the left side menu of the EzCast Pro app. Please, ensure you are connected to a SCRIPTCAST device prior to using this feature.

- 1) Press the 'Split Screen' option
- 2) Choose to split the screen in 2 or 4 screens

### Photo

This feature allows delegates to share photos from their devices on the main screen

- 1) Press the 'Photo' option
- 2) Choose the image you wish to show from your device's storage

### Video

This feature allows you to play videos, saved on your connected devices on the main screen

- 1) Press the 'Video' option
- 2) Choose the video you wish to show from your device's storage

### EzNote

This feature allows you to take notes on top of the current slide and save locally to your device or send to your EzKeep account

- 1) Open EzNote and press the editing icon on the bottom left corner to start adding notes to the current slide
- 2) Press 'Apply' on the top right corner to apply the changes and press 'Done' to save the image

### EzKeep

You can use EZKeep to store all your saved meeting notes on the cloud, to be shared across all your work devices

You need to be a registered user of EzCast to use this feature. Press the EzKeep option and login to your EzCast account or sign up with new account. To import notes from EzNote, press the arrow on the bottom of the screen and select 'Import'

### Web Browser

The EzCast Pro app offers its own, built-in web browser that delegates can use to access web pages on the main screen

- 1) Press the 'Web Browser' option
- 2) Type the website you wish to access in the browser tab and press enter to search

### Cloud Storage

With Cloud Storage you can access images & videos from your Dropbox or Google Drive

- 1) Press the 'Cloud Storage' option
- 2) Log into your Dropbox or Google Drive and select the file you wish to share

### EzBoard

This feature offers the host to use a white board where the presenter can draw and take notes on the big screen.

- 1) Open EzBoard and start drawing your notes on the white board.
- 2) You can change brush type, colour, stickers, import an image and type text on the board.
- 3) You can also set up & send a live quiz to all delegates connected to the same SCRIPTCAST device
- 4) Press 'Apply' on the top right corner to apply the changes and press 'Done' to save the image

### Music

This feature allows delegates to play music saved on their connected devices. Press the 'Music' option and choose the track you want to play from your device's storage

### EzChannel

EzChannel allows the presenter to watch YouTube & Facebook videos or live TV Channels & other apps on the main screen. EzChannel comes with YouTube, Facebook, Vimeo, Twitch and other streaming apps or allows you to choose live TV, Radio, and pre-downloaded films that can all be shared on the main screen.

- 1) Press the 'EzChannel' option
- 2) Choose the app/channel you wish to watch and press play. Please, note that some apps may require login/authentication
