SCRIPTCAST Pro

Soho Dongle II

Our SCRIPTCAST Pro Soho II is an upgrade of the existing Pro Soho Dongle with new hardware and software support.

The Pro Soho Dongle II offers more seamless connection, new interface and allows for Apple & Android devices to mirror without the need of the EzCast Pro App.

Hardware Installation

1 Connect to the TV
Plug the Soho Dongle to the TV or Projector into the HDMI port

2 Connect to power
Plug the Dongle to the power adapter using the USB power cable (recommended) or plug the dongle directly into the TV's USB port using the USB cable

3 Switch TV to HDMI
Turn the TV on and press the Source button to switch to HDMI

Setup Instructions

1 Connect to the Dongle Wi-Fi SSID

Go to your device's Wi-Fi settings and connect to the SSID shown on the top of the blue home screen of the dongle. Use the password provided on the screen.

2 Download the EzCast Pro App

Download the EzCast Pro App from your device's app store or go to www.scriptcast.co.uk/download

3 Connect your device to the dongle

Open the EzCast Pro App, connect to the dongle device by pressing the search icon (mobile) on the top right corner of the EzCast App or the 'Search Device' button (desktop).

4 Connect the dongle to your local Wi-Fi

Go to the host menu (top left corner of the EzCast App screen), press the Settings option and select the Wi-Fi option. Choose your local Wi-Fi and connect the dongle to the local Wi-Fi

How to use the SCRIPTCAST Pro Soho Dongle II?

Laptop/PC

To mirror your screen

Press the search icon  on the top right corner of the application and select the dongle device. The app will connect and your app features will appear.

3

Choose your features

Click on the feature you wish to use from the list in the EzCast Pro app and start presenting!

How to use the ProCast app?

With ProCast app you can screen share to multiple dongles at the same time from one app! The easy-to-use ProCast app is designed to wirelessly screen mirror 1-to-many screens from your laptop. We are proud to say this is the most advanced wireless presentation application, no more lousy and costly wiring installations.

You may use one laptop as casting source and mirror to other external displays. Please note that Multi-screen broadcasting is only compatible with Windows and Mac.

DO NOT open EZCast Pro App and ProCast at the same time. Before using Multi-screen broadcasting, make sure all your dongles that connected to external displays are using the same Wi-Fi. Please note that the more devices you connect to ProCast, the lower the bandwidth will be.

1 Download the ProCast App

Download the ProCast App on your device from our website
www.scriptcast.co.uk/download/

2 Install the ProCast App

Launch the installer and install the ProCast app on your PC or Laptop. The installation may require you to restart your laptop or PC

3 Launch the app

Launch the ProCast app and you'll see all matching dongle SSIDs

4 Screen Mirror

Click on the screen sharing button and your screen will be cast to all Soho Dongles
Please, ensure that your laptop/PC is connected to the same network as the dongles

EzCast Pro Features

Split Screen

Split Screen allows you to separate the screen to up to 4 parts and allow for 4 participants to present simultaneously.

For mobile devices or tablets

The Split Screen feature is located in the Host menu. Press the host menu button  on the top left corner of the app to access it.

- 1) Press 'Split Screen' in the host menu
- 2) Press on one of the options - split the screen in 2 or 4 screens

For laptops and PCs

The Split Screen feature is located on the left side menu of the EzCast Pro app. Please, ensure you are connected to a SCRIPTCAST device prior to using this feature.

- 1) Press the 'Split Screen' option
- 2) Choose to split the screen in 2 or 4 screens

EzNote

This feature allows you to take notes on top of the current slide and save locally to your device or send to your EzKeep account

- 1) Open EzNote and press the editing icon on the bottom left corner to start adding notes to the current slide
- 2) Press 'Apply' on the top right corner to apply the changes and press 'Done' to save the image

EzKeep

You can use EZKeep to store all your saved meeting notes on the cloud, to be shared across all your work devices

You need to be a registered user of EzCast to use this feature. Press the EzKeep option and login to your EzCast account or sign up with new account. To import notes from EzNote, press the arrow on the bottom of the screen and select 'Import'

EzBoard

This feature offers the host to use a white board where the presenter can draw and take notes on the big screen.

- 1) Open EzBoard and start drawing your notes on the white board.
- 2) You can change brush type, colour, stickers, import an image and type text on the board.
- 3) You can also set up & send a live quiz to all delegates connected to the same SCRIPTCAST device
- 4) Press 'Apply' on the top right corner to apply the changes and press 'Done' to save the image

AirView

This feature allows for the delegates to see the main screen on their own devices. The AirView refreshes every 5 seconds.

- 1) Press the AirView option
- 2) Press the arrow button to start the live view, that will make the screen refresh every 5 seconds

Music

This feature allows delegates to play music saved on their connected devices. Press the 'Music' option and choose the track you want to play from your device's storage

Camera

This feature allows the host to use their camera to show live feed on the main screen

- 1) Press the 'Camera' option
- 2) Whatever is shown on your camera will appear on the main screen

Web Browser

The EzCast Pro app offers its own, built-in web browser that delegates can use to access web pages on the main screen

- 1) Press the 'Web Browser' option
- 2) Type the website you wish to access in the browser tab and press enter to search

Photo

This feature allows delegates to share photos from their devices on the main screen

- 1) Press the 'Photo' option
- 2) Choose the image you wish to show from your device's storage

Video

This feature allows you to screen mirror any video, saved on your local connected devices, on the main screen.

- 1) Press the 'Video' option
- 2) Choose your video from your device's storage and it will start playing on the main screen

Cloud Storage

With Cloud Storage you can access images & videos from your Dropbox or Google Drive

- 1) Press the 'Cloud Storage' option
- 2) Log into your Dropbox or Google Drive and select the file you wish to share

EzChannel

EzChannel allows the presenter to watch YouTube & Facebook videos or live TV Channels & other apps on the main screen. EzChannel comes with YouTube, Facebook, Vimeo, Twitch and other streaming apps or allows you to choose live TV, Radio, and ready available films that can all be shared on the main screen.

- 1) Press the 'EzChannel' option
- 2) Choose the app/channel you wish to watch and press play. Please, note that some apps may require login/authentication
